COACH/MANAGER DISCIPLINE HANDBOOK

Match Penalty on Official

The Match Penalty on Official/ Physical Harassment of Officials infraction is the most serious rule violation that a player or team official can commit. These infractions occur when a participant threatens or attempts to strike an official; intentionally touches, holds or pushes an official; or intentionally strikes, trips or body checks an official.

Hockey Alberta has identified a panel that conducts investigations and/ or hearings related to all Match Penalty on Official infractions. This panel consists of three (3) people, two appointed as Match Penalty Officers and the other being the specific Division of Hockey Chair responsible for discipline. Hockey Alberta has also appointed two (2) Match Penalty Coordinators, whose job is to help coordinate the investigation and/ or hearing with the Hockey Alberta Office. The following detailed procedure shall be followed when investigating and administering Match Penalty of Official infractions:

- The Match Penalty Coordinator will receive the game sheet and match penalty report from the game official and determine the appropriate classification (11.3 or 11.5 (a),(b), (c)).
- The Match Penalty Coordinator will submit all necessary documentation to the Hockey Alberta Office within 48 hours of the incident.
- Upon receipt of all necessary documentation, the Hockey Alberta Office will circulate an official "Notice of Suspension" to the Minor Hockey Association / Club Team, League and accused advising of the match penalty on official infraction indicating "Indefinite" on the number of games line. The accused will be allowed to provide a written statement along with any witness statements.
- The Hockey Alberta Office will schedule a formal hearing to take place with the Match Penalty Officers, accused and game officials in which the infraction took place.
- Upon completion of the hearing, the Match Penalty Officers will submit their final decision on the length of suspension within 48 hours to the Hockey Alberta Office, who will send the decision letter to the accused, minor hockey association /club team and league.

Rule 4.6(c) - Game Misconduct in the last 10 minutes

Any player or team official who is assessed a Game Misconduct penalty in the last ten (10) minutes of regulation time, at any time in overtime, or after the conclusion of the game and prior to the player or team official entering their dressing room, shall automatically be suspended a minimum of the next league, tournament or provincial game plus the minimum suspension, if applicable.

Example: A player receives a two-minute minor plus game misconduct for checking from behind with 5:36 left in the third period of regulation play. This player shall be suspended for one (1) game under Playing Rule 4.6 (c) for receiving a game misconduct in the last ten (10) minutes of regulation play.

COACH/MANAGER DISCIPLINE HANDBOOK

Early Season End Suspensions

Any player who has not served a suspension from the current playing season may request in writing through their Minor Hockey Association to the Regional Minor Discipline Coordinator to have that suspension served in an exhibition game(s) if it cannot be served in League, Tournament or Provincial Play at season's end. Please note that this only applies to players and may not be requested by Team Officials.

Any player incurring a suspendable infraction with either their registered team or affiliated team is suspended from all sanctioned hockey games until the suspension is served with the team they are registered with. If that team is finished hockey for the season, this player would be allowed to serve such suspension with their affiliated team. The player and the suspension must be listed on all game sheets.

Example: A U15 player receives a two-game suspension for a slew-footing match penalty under rule 7.4 (b) in his team's last game of the season (League, Tournament and Exhibition). However, this player is affiliated to a U18 team, whose season has not yet ended, so the player would be eligible to serve the two-game suspension with this U18, affiliated team.

Carryover Suspensions and Suspension Deferrals

Carryover suspensions occur when a player or team official has not served a suspension from the previous season. As all suspensions must be served in full, any participant with a carryover suspension would be required to serve the remainder of the suspension at the start of the new hockey season.

Should a player have a carryover suspension, they may request in writing through their Minor Hockey Association to the Regional Minor Discipline Coordinator to have the suspension deferred for any Exhibition, Pre-Season, Tiering or Tournament game for a maximum of three (3) games with any one team prior to October 15. Please note the following with regards to suspension deferrals:

- Suspension Deferral Application must be used when requesting.
- Only apply to the current team a player is evaluating with. Should the player be released from those evaluations, they must submit a separate suspension deferral for the next team with which they evaluate.
- Deferred games will not count as games served. Once the deferred games are played, the player must serve their suspension.
- Only applies to players. Team officials are not eligible to apply for a suspension deferral should they have a carryover suspension from the previous season.

[Suspension Deferral Application](#)

Pre-Season Suspensions

Any player who received a suspension in a Pre-Season Game may request in writing through their Minor Hockey Association to the Regional Minor Discipline Coordinator to have the suspension(s) served in the next Pre-Season game(s). The Regional Minor Discipline Coordinator may approve or deny such requests or request a suspension deferral application. Please note that this only applies to players and may not be requested by Team Officials.
