

INFORMATION BULLETIN

Bulletin No: 16/05

Date: August 19, 2016

To: Minor Hockey Associations
Leagues

From: Jeremy Haluschak, Manager, Business Operations

SUBJECT: 2016 Hockey Canada Screening Survey

In 2011, Hockey Canada approved a policy stating that through the branches all minor hockey associations will have a documented screening process.

To help understand the current screening environment Hockey Canada has developed a brief survey to be filled out by minor hockey associations. The results will be used to identify challenges faced in the screening process, and to develop strategies and resources to better assist your local minor hockey association in your screening program.

The survey can be accessed via the link below, and will be available until September 15 and your participation would be greatly appreciated.
